# Automotive Strategic Action Fields

**Safe. Connected. Convenient.**  
We drive the future of mobility.

Autonomous  
Mobility

Smart  
Mobility

User  
Experience

Safety  
and Motion

Software and Systems Excellence

Architecture and Networking

**Our strategic action fields combine existing strengths and portfolio with a clear focus on market needs**

**By aligning our competencies and expertise along clear action fields, we provide our customers with solutions to their needs**

# Automotive Technologies (Current Status)

## Automotive Technologies

**Autonomous Mobility and Safety**

**Holistic Engineering and Technologies**

**Vehicle Networking and Information**

› 2 business areas  
› he[a]t

Vehicle Dynamics

Hydraulic Brake Systems

Passive Safety & Sensorics

Adv. Driver Assistance Systems

Connected Car Networking

Human Machine Interface

Commercial Vehicles & Services

› 7 business units
